Name and age
Maya, 29
Occupation
Dog walker
Location
Portland, Oregon
Typical Saturday
Market, then soccer
Writing interface
6:58 left
Imagine this happens:
Saturday at the farmers market, a satellite attack knocks out cell service and card readers across Portland. Your soccer group chat goes silent, and your dog-walking clients can't reach you.
From Maya's intake answers
I only had eleven dollars in cash, so I bought one bunch of peaches. Then I biked to the field and found the whole team holding up phones with no bars.
